# Project Overview

Multimedia is helping enrich teaching practices across the globe creating a more diverse, interactive and engaging learning experience, straying from traditional norms of text based learning to a more interactive, visual apparatuses.

**Timeless Journey** is an augmented reality book that aims to educate a user on key events and character involved in contemporary history. Please join us as we travel through history exploring some of the most prolific events that have shaped the last century of our planet!

A hand holding a pen is shown on the left side of the image, drawing on a technical drawing or blueprint. The drawing features various lines, circles, and text, including the numbers '205.3', '205.2', '152', '15', and '17'. The background is a light blue gradient.

# The Problem to Solve

Recent studies have suggested that current methods of teaching i.e test based learning
